

How do I access my online classes?

In order to log-in to your online course, go to northeast.rsmart.com. Your online class will be available 1 week prior to the term start date. If you don't see course listed under the Quicklinks menu after logging into My Classes Online, select "My Sites" and look under the semester you are registered. If the course doesn't appear here, contact the help desk at helpdesk@northeast.edu or contact the Registrar's Office.
